

Drive Agile and DevOps success with Digital.ai

DevOps Performance Management Solution

Identify bottlenecks, reduce cycle time, and improve quality

INCREASE EFFICIENCY

- > Identify bottlenecks across value stream
- > Benchmark performance across teams
- > Drive collaboration and learning across teams

ACCELERATE AGILITY

- > Reduce cycle time from requirements to deployment
- > Increase frequency of code deployments
- > Recover from incidents faster

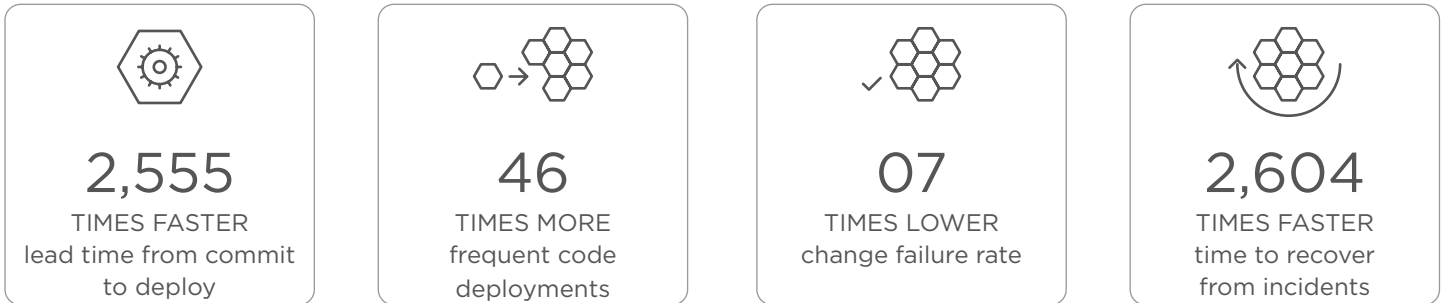

REDUCE RISK

- > Drive consistency of Agile/DevOps adoption
- > Improve quality of delivered software
- > Reduce change-related incidents

Drive Agile and DevOps success with Digital.ai

DevOps Performance Management Solution

Realize the Benefits of an Agile and DevOps Transformation
